### ANNOUNCEMENTS

**FOR CONGRESS.**  
We are authorized to announce HON. G. G. MILLER as a candidate for re-election to Congress from this the Eighth Congressional District, subject to the action of the Democratic party.

We are requested to announce ROY C. WHITE as a candidate for Circuit Court Clerk, subject to the action of the Democratic party.

We are authorized to announce DAN H. WICK as a candidate for Circuit Court Clerk, subject to the action of the Democratic party.

I hereby announce myself as a candidate for nomination for Clerk of the Madison Circuit Court, subject to the action of the Democratic party. Having had many friends in the past who have favored me, I am confident that I will have the support of the majority of the Democratic party in this district.

We are authorized to announce GEORGE D. WITTE, of White's Station, as a candidate for Clerk of the Madison Circuit Court, subject to the action of the Democratic party.

A WASHINGTON dispatch to the daily papers says:

Senator-elect James B. McCreary, of Kentucky, is at the New Willard. He is quoted as saying: "I consider that the Democratic party is upon rising ground and I see a very strong prospect of our carrying the next house of Representatives. Chairman Baebok of the Republican committee puts down three Republican representatives, I notice from Kentucky, in figuring a majority for his party in the next Congress. If he guesses no better than this for the rest of the country it is an assured fact that the Democrats will dominate the next house. It is almost absolutely certain that in the Kentucky delegation in the coming Congress the Democrats will have ten members and the opposition only one."

"I think I know something of the conditions of my state and I concede that the Eleventh district will, without doubt, elect a Republican to Congress in November. Every other district will send a Democrat." He says the people are growing tired of the Republican party, of its profligate use of cash and its failure to throttle the trusts.

"Opposition," he says, "is constantly growing to the importance of the example set in our Philippine policy."

The City Times says: In the recent contest for the nomination for Congress, Congressman White acquitted himself handsomely. He displayed a great respect for his constituents and proved himself worthy of the honor conferred upon him two years ago. At West Liberty, he won the admiration of all the delegates, and proved conclusively to everyone that he was a man of discretion and brains. When he saw he could not be nominated, he gracefully withdrew from the race, thereby shortening the work of the convention and helping to make it more harmonious. No one doubts that he has the good of the party at heart, and will do all he can for the cause. He showed himself to be a man from whom no one could expect anything less than the best. His opponents are now his warmest friends.

AL G. FIELD, the veteran minstrel man, Grand Esteemed Knight of the Order of Elks of the United States, and thirty-second Degree Mason, will be a Democratic candidate for Mayor of the city of Columbus, Ohio. Mr. Field says that he is not seeking the nomination, but is in the hands of his friends.

An exchange has the following to say, which is applicable to all it might concern, in every section:

"You may approximate the stars in a nail keg, hang the ocean on a grapevine to dry, wipe the nose of a cyclone with a towel, cut off the tail-end of a tornado for a keystone, put the sky in the ground to soak, unbuckle the belly band of eternity and open up the sun and moon as health resorts—but not never delude the idea, that you can escape the other side of purgatory, if you don't pay for your local paper."

The Lexington Democrat was sold Tuesday afternoon, for \$6,100, W. P. Walton, who owned the largest amount of stock, being the purchaser. Mr. Walton has one of the best fields in the State for a Democratic newspaper, and his name being at the head of its columns is a guarantee of a pure and unbiased Democratic sheet. The CLIMAX wishes him unbounded success.

It is stated on good authority that the coming Republican convention in the Tenth congressional district, which is to meet at Winchester August 14, will in all probability nominate Judge W. M. Beckner, an ex-Democrat, of Winchester, for Congress.

AUDITOR COULTER is going after the corporations that own valuable oil and mineral lands in Eastern Kentucky. He estimates that the lands are very valuable and that the owners will have to pay taxes on them. They have never done this before.

KENTUCKY stands third in the payment of internal revenue taxes, Illinois being first and Indiana second. The total amount for the year is \$27,867,980, a falling off of over \$80,000,000, due to the repeal of certain war taxes.

Deafness Cannot Be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
